

FOR NGO DIRECTORS, PROGRAMME LEADS & TRUSTEES

Your mission needs a **force-multiplier**, not another line item.

Every NGO serving vulnerable communities hits the same wall: too few counsellors, too many languages, and beneficiaries who will never ask for help face-to-face. Imotara puts a private, always-on emotional wellness companion in every beneficiary's pocket — for a fraction of the cost of one more field visit.

THE GAP YOUR PROGRAMME IS ALREADY FIGHTING

76%

People with mental health conditions in low- & middle-income countries who receive no treatment at all

Source: WHO Mental Health Atlas

0.75

Psychiatrists available per 100,000 people in India — one of the widest care gaps in the world

TRADITIONAL IN-PERSON SUPPORT VS. IMOTARA

	Traditional in-person support	With Imotara
Availability	Business hours, by appointment	✓ 24 hours a day, 7 days a week
Wait time	Days to weeks for a first session	✓ Instant — no waiting list
Language reach	Usually 1–2 languages per counsellor	✓ 22 languages, including 11+ Indian languages
Cost per seat / yr	₹1,500–3,000 for a single session	✓ From ₹799/seat/yr* — 60% off commercial
What your org sees	Case notes & personal details	✓ Aggregate trends only — never an identity

*₹799/seat/year is Imotara's self-serve NGO rate for seat packs up to 500 (60% off the ₹1,999/seat/year commercial rate). Larger cohorts and consortiums are quoted individually and may qualify for a deeper subsidy. Counselling-session cost reflects commonly reported urban India averages and varies by provider and region. Full seat pricing in the Imotara NGO Licensing & Facilities guide.

WHY NGO LEADERSHIP CHOOSES IMOTARA

Multiply reach, not headcount

One Imotara seat costs a fraction of one field visit — so a fixed grant budget now supports thousands of beneficiaries year-round, not just the ones your staff can physically reach.

Lower organisational risk

Beneficiary conversations are never visible to your organisation — only aggregate trends are. Less liability, less sensitive data to protect, a lighter compliance burden for your team.

Walk into donor reviews with proof

Weekly active use, engagement trends and check-in rates — ready to cite in your next grant renewal or board report, without a single beneficiary identity ever changing hands.

The multiplier, at a glance

A single Imotara licence doesn't replace your field team — it extends what they can already do, to every hour of the day and every beneficiary on your books, at a cost no in-person model can match.
