

FOR SCHOOLS, COLLEGES & UNIVERSITIES

Give every student a private companion for the hard days.

Imotara's Educational Licensing brings a private, always-available emotional wellness companion to your student body — with academic-year pricing, an admin dashboard for wellbeing staff, and a strict guarantee that no individual student conversation is ever visible to your institution. This guide explains exactly what's included and how it works.

● Per-seat academic pricing

● Org admin dashboard

● Aggregate-only wellbeing analytics

● Age-adaptive tone

● 22 languages supported

WHY STUDENT MENTAL HEALTH IS AN INSTITUTIONAL PRIORITY

1 in 7

Adolescents aged 10–19 globally experience a diagnosable mental health condition

Languages supported, meeting multi-lingual and first-generation students where they are

Product capability

What is Imotara?

Imotara is an AI-powered emotional wellness companion — a private, judgment-free space where students can process feelings, build daily emotional awareness, and get support in their own language and tone. Mood check-ins, a personalised companion persona, voice & text conversation, and gentle long-term memory — available on web, iOS and Android, with an offline mode that keeps core support working even without reliable internet.

WHY INSTITUTIONS CHOOSE IMOTARA

Support beyond office hours

Counselling centres close. Emotional distress doesn't follow office hours. Imotara gives students somewhere to turn at 2am before a crisis, not just after one.

Meets students in their language

Support in Hindi, Bengali, Tamil, Telugu and more — critical for first-generation and multi-lingual students who may not feel comfortable in English-only services.

Privacy that builds trust

Students are far more likely to open up when they know no counsellor, teacher, or administrator can see their conversation. Imotara is built around that guarantee.

One licence, every student covered.

Educational Licensing gives every covered student our full individual Plus-tier experience, plus a dedicated admin dashboard for your student wellbeing or IT team — priced per seat, per academic year.

ACADEMIC PRICING

Per seat / academic year

Annual billing · Proof of institution required
· Minimum 50 seats

- ✓ Full Plus-tier features for every student
- ✓ Offline AI fallback (mobile, all languages)
- ✓ Monthly companion letter + 30-day mood timeline
- ✓ Org admin dashboard + student management
- ✓ Anonymised engagement analytics (never individual data)
- ✓ Custom branding — logo, accent colour, brand name
- ✓ Unlimited AI cloud conversations
- ✓ 90-day chat history & cross-device sync
- ✓ Neural TTS voices in 22 languages
- ✓ Bulk invite via student email domain or CSV
- ✓ Age-adaptive tone (teens vs. young adults)
- ✓ Full audit log with CSV export

YOUR ADMIN DASHBOARD — SIX MODULES, ONE LOGIN

Overview

Seats used vs. purchased, renewal date, tier badge, and weekly active student stat at a glance.

Members

Invite students by verified email domain or CSV, manage roles, remove members, track seat use in real time.

Wellbeing Analytics

Aggregate engagement — weekly active students, average session duration, check-in rate — never individual identities.

Settings & Branding

Set your institution's logo, accent colour and brand name for a campus-native experience.

API Keys

Generate scoped API keys to pull aggregate stats or member lists into your own campus systems.

Audit Log

Every invite, role change and seat change is logged, paginated, and exportable to CSV.

WHAT MAKES THE LICENCE EASY TO RUN

Domain-based enrolment

Invite your entire student body via verified institutional email domain — new students onboard automatically each term.

No admin burden

A student's personal Imotara account (if they already have one) is never downgraded — your licence layers on top automatically.

Dedicated support

Educational accounts get a named point of contact for onboarding, renewals, and academic-year planning.

See engagement, **never see identities.**

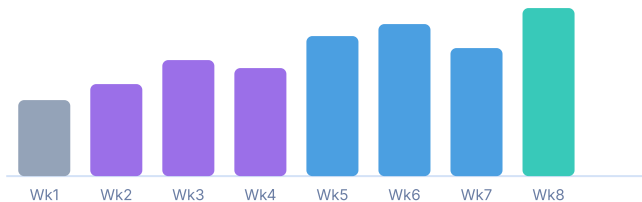

Every Educational licence includes an analytics tab built for wellbeing office reporting — aggregate, anonymised, and export-ready. Below is a sample view of what your admin dashboard shows.

COST COMPARISON — IMOTARA VS. ONE COUNSELLING SESSION

Approximate annual cost per student

Based on Imotara's published Plus-tier pricing vs. reported average cost of a single in-person counselling session in India

Illustrative comparison. Imotara Plus list price: ₹149/month (₹1,788/year). Single-session counselling cost range reflects commonly reported urban India averages and varies by provider, city and specialisation. Academic seat pricing is custom and quoted separately per institution.

Why this matters for your wellbeing budget

A year of unlimited Imotara Plus access costs roughly the same as **one** in-person counselling session — for **every** student, every day of the academic year. Campus support programmes are widely linked in higher-education research to improved student retention and wellbeing; Imotara adds a private, always-on layer alongside your existing counselling services.

INDIVIDUAL DATA
SHOWN TO STAFF

Built so your institution can measure impact **without seeing a single student's data.**

Educational accounts are designed around one rule: your wellbeing office gets proof the programme is working, students keep their privacy completely intact.

TRUST & DATA HANDLING

No individual data, ever

Wellbeing staff only ever see aggregate metrics — weekly active students, average session length, check-in rate. No conversation, mood entry, or identity is exposed at the institution level.

Row-level access control

Database-level access rules ensure admins and students can only reach data scoped to their own institution — enforced server-side, not just in the app.

Encrypted in transit

All traffic between the app, dashboard and servers is encrypted (TLS). Imotara never stores card or payment data.

Full audit trail

Every membership, invite and role change in your institution is logged with timestamp and actor, viewable and exportable from the dashboard at any time.

Eligibility is your institution's call

Your institution controls enrolment (e.g. by verified student email domain) and is responsible for age-appropriate consent under your own policies — Imotara does not independently verify a student's age.

Privacy-by-design programme

Data handling practices are being formalised against GDPR and India's DPDP Act as part of an ongoing compliance programme; details available on request for institutional agreements.

HOW ONBOARDING WORKS

1

Contact us

Share your institution details, student headcount and rollout goals.

2

Academic-year quote

Receive a tailored per-seat quote within 48 hours, based on headcount and term.

3

Org set up

We provision your institution, seats, and admin dashboard access.

4

Student rollout

Invite by verified student email domain or CSV; students accept and get instant access.

On our roadmap for institutional agreements (coming soon, not yet self-serve)

SSO / SAML (Google Workspace, Okta)

LMS integration

Accreditation-ready wellbeing PDF reports

Guardian consent workflow for under-18 cohorts

FREQUENTLY ASKED QUESTIONS

Q What features do students actually get?

Every covered student receives the full individual Plus-tier experience — unlimited AI conversations, 90-day history, neural voice, mood timeline, companion letters, and cross-device sync.

Q Can our staff see what students discuss?

No. Staff only ever see anonymised, aggregate data — trends across the whole institution, never a single student's identity, mood entry, or conversation.

Q How do we verify who counts as a student?

Most institutions invite students via a verified institutional email domain or CSV roster. Your institution controls eligibility criteria.

Q What happens when a student graduates or leaves?

Removing a member from the dashboard immediately revokes their institution-provided access and frees the seat for reassignment.

Q Do you support non-English speaking students?

Yes — 22 languages including Hindi, Bengali, Tamil, Telugu, Marathi and more, with gendered grammar handling and voice support.

Q Is this a replacement for our counselling centre?

No — Imotara is designed to complement, not replace, professional counselling and crisis services. It's a private, always-available layer of everyday emotional support.

Ready to bring Imotara to your campus?

Share your headcount and goals — we'll respond with a custom quote and onboarding plan within 48 hours.
