13. Imotara Connect — Human Companions

Imotara Connect is an integrated marketplace where users can have real-time text sessions with verified human wellness companions. Sessions are billed per minute from the user's prepaid Imotara Wallet. Connect is available on **all tiers** — the only tier-based difference is session history retention.

FEATURE	DESCRIPTION	FREE	PLUS	PRO	FAMILY	EDU	ENTERPRISE
Browse wellness companions	Discover verified human companions by specialty, language, rating, and availability	✓	✓	✓	✓	✓	✓
Book & start sessions	Begin a live text session with any available companion; billed per minute from wallet	✓	✓	✓	✓	✓	✓
Imotara Wallet	Prepaid INR wallet — top up once, pay for sessions without per-session checkout friction	✓	✓	✓	✓	✓	✓
Per-minute billing	Session cost deducted at the companion's listed per-minute rate; auto-stops when balance runs low	✓	✓	✓	✓	✓	✓

FEATURE	DESCRIPTION	FREE	PLUS	PRO	FAMILY	EDU	ENTERPRISE
Real-time message translation	Messages auto-translated between user and companion languages during a live session	✓	✓	✓	✓	✓	✓
Scheduled sessions	Book a future time slot; companion accepts and a calendar reminder is set	✓	✓	✓	✓	✓	✓
Session notes & ratings	Leave a private note and 1–5 star rating after each session ends	✓	✓	✓	✓	✓	✓
Favourite companions	Save companions as favourites for quick access and priority availability alerts	✓	✓	✓	✓	✓	✓
Connect session history	Browse past sessions with transcript, notes, cost, and companion details	7 days	90 days	Unlimited	Unlimited	Unlimited	Unlimited
Register as a wellness companion	Apply to become a verified companion; set rate, availability, languages, and specialty area	✓	✓	✓	✓	✓	✓

Note: Session history retention follows the same schedule as conversation history — the tier that unlocks unlimited chat history also unlocks unlimited Connect session history.

UPGRADE TRIGGER SUMMARY

Why a user or org should move to the next tier:

CURRENT TIER	KEY UPGRADE TRIGGER
Free → Plus	Hitting the 10/day reply cap · needing history beyond 7 days · wanting cross-device sync or data export · Connect session history beyond 7 days
Plus → Pro	Wanting emotional insights, mood trends, weekly summaries, monthly letters, growth arc · unlimited Connect session history
Pro → Family	Multiple household members sharing one app account · need for child-safe profiles
Pro → EDU	Institution deploying for students/staff · need for admin panel, LMS, bulk provisioning
Pro → Enterprise	Corporate deployment · API access · SSO · data residency · custom integrations

PLATFORM NOTES

- **Web** (imotaraapp): Feature gating controlled by NEXT_PUBLIC_IMOTARA_LICENSE_MODE. Currently "off" — all features accessible regardless of tier. Tier-specific UI nudges (upgrade prompts) are still rendered.
- **Mobile** (imotara-mobile): Feature gating handled by featureGates.ts. LAUNCH_CLOUD_SYNC_FREE_FOR_ALL=true by default during launch period, granting all mobile users cloud sync.
- **Server**: Quota enforcement (20 cloud replies/day for Free tier) always active regardless of the LICENSE_MODE flag.
- **Family export intentionally disabled**: Shared-device privacy — one family member should not be able to export another's conversations.
- **EDU individual export intentionally disabled**: Institution data privacy — aggregated admin export is available but individual records stay within the platform.

ENFORCEMENT ROADMAP

PHASE	ACTION
Now (soft launch)	All features open; server quota (20/day) enforces Free limit
Phase 2	Set LICENSE_MODE=enforce; Plus/Pro gates activate in UI
Phase 3	Activate mobile gates; update LAUNCH_CLOUD_SYNC_FREE_FOR_ALL=false
Phase 4	EDU/Enterprise gate enforcement via admin-assigned org tier

Last updated: 2026-06-07 — v1.4.

Changelog:
