Full-funnel marketing plan.
From zero to scale.

4 phases · 60+ tactics · 15 platforms · digital, social, influencer, PR, community, and paid. Sequenced by impact and budget so every rupee works hardest first.

- Phase 1 — Foundation (Month 1–2)
- Phase 2 — Build (Month 2–4)
- Phase 3 — Scale (Month 3–6)
- Phase 4 — Amplify (Month 6+)

01 Foundation — Zero-cost, highest impact

App stores · organic social setup · review management · free listings · product triggers

Month 1 – 2

P1 In-app rating prompt after 3rd session

EFFORT

Ratings are the #1 App Store ranking signal. Trigger a gentle prompt after the user has had 3 emotionally positive sessions. Target: 4.5+ stars on both stores.

iOS App Store · Google Play · In-app

P1 Screenshot overlays — all 5 key screens

EFFORT

Redesign store screenshots with bold text overlays ("Apni bhasha mein baat karo", "No ads. No data selling."). Add for iOS, Android, and Play Feature Graphic.

iOS · Android · Design

P1 Play Store tags + App Store category

EFFORT

Add tags: Wellness, Mental Health, Journaling, Mood Tracker, AI Chat. Switch App Store category to Health & Fitness (Medical subcategory) for lower competition.

Google Play · iOS ASO

P1 Reply to every App Store & Play Store review

EFFORT

Respond to all reviews within 48 hours. Both Google and Apple boost ranking for apps with active developer responses. Template: empathise → solve → invite re-review.

iOS · Android · Ongoing

P1 AlternativeTo, Product Hunt (prep) + BetaList listing

EFFORT

Submit to AlternativeTo as alternative to Wysa/Replika/Headspace. Prepare Product Hunt launch assets (tagline, GIF demo, maker story). List on BetaList for early adopters.

AlternativeTo · Product Hunt · BetaList

P1 Set up Instagram, Facebook, X, YouTube & LinkedIn pages

EFFORT

Create official Imotara pages on all platforms. Consistent profile — same logo, bio, and link. Pin one high-quality intro post on each. Add Play Store + App Store links in all bios.

Instagram · Facebook · X · YouTube · LinkedIn

02 Build — Organic content + community + ASO localisation

Content calendar · regional store listings · WhatsApp strategy · SEO blog · community seeding

Month 2 – 4

P2 Hindi + Bengali + Tamil regional store listings

EFFORT

Translate app title, description, keywords into Hindi, Bengali, Tamil, Telugu, Marathi. 5 separate language-targeted listings. No competitor does this — instant organic advantage in 500M+ speaker segment.

Google Play · iOS ASO · Hindi · Bengali

P2 Instagram content calendar (3×/week)

EFFORT

Reels: "5 signs you need emotional support today" · "What type of Imotara companion are you?" · Mood check-in polls. Carousels: mental health tips in Hindi. Stories: daily micro-check-ins.

Instagram Reels · Stories · Carousels

P2 YouTube Shorts (2×/week) + 1 long-form/month

EFFORT

Shorts: "How Imotara responds in Hindi", "3 AM anxiety — what Imotara says", "60-second breathing exercise". Long-form: "I talked to an AI companion in Bengali for 30 days — here's what happened."

⚠ **Never title anything "AI therapist".** Counsellor, therapist and psychologist are regulated titles; Imotara is not one and Connect supplies peers, not clinicians. An earlier draft of this roadmap proposed exactly that title.

YouTube Shorts · Long-form

P2 WhatsApp Business + broadcast strategy

EFFORT

Set up WhatsApp Business with automated welcome message + store links. Create a "Daily Wellness" broadcast list. Share a 60-second Hindi audio wellness tip 3×/week. Build to 1,000 subscribers before paid WhatsApp ads.

WhatsApp Business · Broadcast

P2 Facebook Groups + community seeding

EFFORT

Join and contribute value to: mental health India groups, Indian expat groups, working women groups, parenting groups, Hindi-speaking communities. Share Imotara only after building presence. Create an "Imotara Users" group.

Facebook Groups · Community

P2 SEO blog — 4 articles + LinkedIn thought leadership

EFFORT

Target: "best mental health app India 2026", "Hindi mental wellness app", "AI therapy alternative India". LinkedIn: 2×/week posts on emotional wellness at work. Quora answers on mental health India questions.

SEO Blog · LinkedIn · Quora

03 Scale — Influencers · PR · Product Hunt · ShareChat · X

Regional creators · press coverage · Pinterest · email marketing · referral programme · Threads

Month 3 – 6

P3 Regional influencer outreach — 10 creators — EFFORT

Target: 5 Hindi creators (200k–1M followers, mental health / self-care / student life), 3 Bengali creators, 2 Tamil/Telugu creators. Offer free Plus + ₹3–5k per dedicated Reel or YouTube video. Track with UTM links + promo codes.

Instagram · YouTube · Influencer

P3 Product Hunt launch day — full campaign — EFFORT

Coordinate maker post + 50+ upvotes from day-1 supporters. Share to all channels simultaneously. Submit to "Mental Health" and "AI" collections. Aim for Top 5 of the Day. Huge English-tech-audience exposure.

Product Hunt · Launch Event

P3 Press outreach — YourStory, Inc42, Hindustan Times Tech — EFFORT

Pitch angle: "The only mental health AI that speaks 11 Indian languages — and it's ₹149/month." Send personalised pitches to 8 tech journalists. Offer exclusive demo + founder interview. Target: 3 feature articles in Month 4.

YourStory · Inc42 · The Ken

P3 ShareChat + Moj + Josh — regional short-video — EFFORT

ShareChat has 250M+ users who prefer Hindi/regional content. Post same wellness content adapted for regional audiences. Partner with 2–3 regional creators who are already active on these platforms. No competitor is here yet.

ShareChat · Moj · Josh

P3 X (Twitter) — mental health conversations + threads — EFFORT

Post 5×/week. Format: "Thread: 5 signs of quiet burnout 🧵 ", polls ("What do you do when anxious at 2 AM?"), live-tweet World Mental Health Day (Oct 10). Engage with Indian mental health professionals. Use hashtags: #MentalHealthIndia #ManoSwasthya.

X Threads · Polls · Hashtags

P3 Email marketing + in-app push notification campaigns — EFFORT

Weekly "Wellness Wednesday" email to registered users: 1 tip, 1 feature spotlight, 1 testimonial. Push campaigns: World Mental Health Day (Oct 10), New Year (Jan 1), Holi/Diwali cultural hooks. Re-engagement push after 7 days of inactivity.

Email · Push Notifications · Re-engagement

P3 Pinterest boards — emotional wellness + Indian culture — EFFORT

Create boards: "Mindful Mornings India", "Hindi Wellness Quotes", "Signs You Need Emotional Support", "Indian Self-Care Rituals". Pin infographics daily. Pinterest drives high organic reach for wellness content among 25–40 women.

Pinterest · Infographics

P3 Referral programme — "Give a month, get a month" — EFFORT

In-app referral: share a code → both user and friend get 1 month Plus free. Share to WhatsApp in 2 taps. Track via unique codes per user. This is the single highest-ROI growth lever once the base user count reaches 5,000+.

Referral · WhatsApp Share · Viral

04 Amplify — Paid ads · partnerships · enterprise · events

Meta ads · Google UAC · Apple Search Ads · college partnerships · corporate wellness · NGO tie-ups · Snapchat

Month 6+

P4 Meta Ads (Facebook + Instagram) — EFFORT

Start ₹10–15k/month. Target: Urban India, 22–35, mental health / wellness interests. A/B test 3 creatives: price anchor, language moat, privacy angle. Retarget website + app visitors.

Facebook Ads · Instagram Ads

P4 Google UAC + Apple Search Ads — EFFORT

Google App Campaigns: "emotional support", "mental wellness hindi", "mood journal india". Apple Search Ads: "therapy alternative", "mood tracker". Budget: ₹8–12k/month initially. Scale on CPI < ₹40.

Google UAC · Apple Search Ads

P4 YouTube Ads + Snapchat (18–24) — EFFORT

YouTube pre-roll on mental health, student, and lifestyle channels. 6-second bumper ads + 15-second skippable. Snapchat Story Ads for 18–24 urban audience — vertical video, download CTA.

YouTube Ads · Snapchat Ads

P4 Corporate wellness partnerships (B2B) — EFFORT

Pitch HR heads at 20 Bengaluru/Mumbai startups with 50–500 employees. Offer "Employee Wellness Pack" — bulk Plus licenses at ₹59/seat/month. LinkedIn outreach + email drip campaign targeting HR/People Ops roles.

LinkedIn · B2B

P4 NGO & college wellness partnerships — EFFORT

Approach 10 NGOs (women's welfare, rural youth) for bulk subsidised licensing. Partner with 5 college counselling departments for free bulk student access. These create press-worthy stories + organic word-of-mouth at scale.

NGO · EDU

P4 World Mental Health Day campaign (Oct 10) — EFFORT

Full multi-channel campaign: Free Plus for 24 hours → press release → coordinated post across all platforms → influencer posts same day → email blast → push notification. Aim: 10,000 new installs in one day.
